💡 The Smart Solution

Why Core Reputation?

⚠️ Traditional Review Collection is Broken

Customers forget to leave reviews, negative feedback goes public instantly, and managing online reputation becomes a full-time job that pulls you away from your core business.

⚡ Core Reputation Changes Everything

Our AI-powered platform automatically routes 4-5 star reviews to Google while capturing lower ratings privately for improvement. With instant AI responses and automated Google Business Profile management, you'll maintain a stellar online presence while focusing on what you do best—running your business.

Smart Routing

Automatically directs positive reviews public, negative ones private

AI Responses

Instant, natural responses that sound authentically human

Automated Management

Complete Google Business Profile automation and optimization

⚡ Smart. Automated. Effective.
